

Product information

ClubLounge

Seat and couch elements with enclosure.

Upholstered element system consisting of seating and add-on table elements.

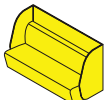

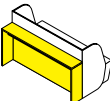

Seating elements are sofas in two seat heights with 3-sided enclosure. The elements consist of a base plate with glides and foam upholstery with leatherette cover, with the enclosures additionally featuring a fabric cover. Optionally, the seat element cover can be two-tone, with grey side panels, and the enclosure cover can be specified in another color.

Add-on standing table made of laminated LIGNOpal chipboard, can be attached to the rear of the upholstered enclosure.

Fire protection: The upholstered elements are in accordance with CAL TB 117-2013.

Installation: The elements can be fixed to the floor if desired.

The following material groups are available: Fabric cover: S40,64,82; Upholstered enclosure: S40,51,64,79,82; Table made of LIGNOpal: L3.

	Seating heights (± 0.4 in) for seat elements ● 3 = 13.8 in ● 5 = 16.95 in
