

Product information

Drum, Shift+ Landscape

Cylindrical table with integrated storage space for floor-level learning.

Body made from conical ABS plastic. The table is stackable.

Top made from phenolic (HPL). The top can be removed to access the storage space and is equipped with a groove to protect it from slipping. The storage space can accommodate carpets (09440) or upholstered mats (09445).

Padded mats consisting of a thick foam-padded body with anti-slip bottom, side carrying loop, and a black all-round surrounding strap. The top seat surface consists of a hard-wearing colored covering.

Equipment: Optionally available with a black polypropylene pen insert in the top.

The following material groups are available: Body made of plastic: C(white, black grey RAL 7021); Top made of phenolic (HPL): L4; Fabric cover: S40,64,82.
