

## Product information

### Series 901

#### Supporting sideboards (medium).

**Construction** of an glued body out of of melamine-resin-coated chipboard. Sideboards for fixed table heights or continuously adjustable in height by means of a winding handle.

**Front** and body of melamine-resin laminated or veneered chipboard and metal bow handles.

**Drawers** with central locking. Drawers with either single or over-extension, 6.5 HU (height units) drawers always with over-extension.

**Technical compartment (2-part)** with folding/sliding door at the front. Left compartment with a printer drawer. When heat-producing equipment is used, the sideboard must be fitted with a perforated-metal back for ventilation purposes. The two table posts integrated in the body minimise the storage space of the technical compartment.

**Electrification** (optional) at the rear with fold-down perforated-metal back (see above). Cable outlet through holes with metal inserts.

**The following material groups are available:** Body made of chipboard: L6; Front made of chipboard: L3; Front veneered: F1.
