

Product information

Series 901

CPU holder, printer shelf.

CPU holder for installation of a CPU underneath the tabletop.

Constructed of an L-shaped grid of powder-coated steel wire. The holder is hung onto the cross-member and when only supporting posts are present can be secured either outside or inside the table but in the case of legs only on the inside. The CPU is tied down with a tightening strap. Cables can covered with an additional panel.

Printer shelf for installation of the printer underneath the tabletop. Constructed of a powder-coated steel tube with a row of slots for hanging shelves. The holder is hung onto the cross-member whereby the shelves are positioned outside the table.
