Instructions for use

Foot ring for swivel chairs

Description: This foot ring is an accessory for chairs with cross-form bases. We shall not be held liable for any damage(s) resulting from improper use of this product (e.g. in a workshop, storage area or wet room).

General note on reading and storing the instructions: Please read these instructions and in particular the notes on safety carefully and in full before using the products. Keep the instructions in a safe place for subsequent reference and pass them on to other users.

General note on safety: The following symbols and notes are used in our assembly instructions:

Caution! When you see this symbol, you must adhere to the accompanying instruction!

On the internet: This means you can find this guide on the Internet (see header).

Standards: The product has been tested according to DIN 68877.

Scope of delivery: The product is delivered fully assembled.

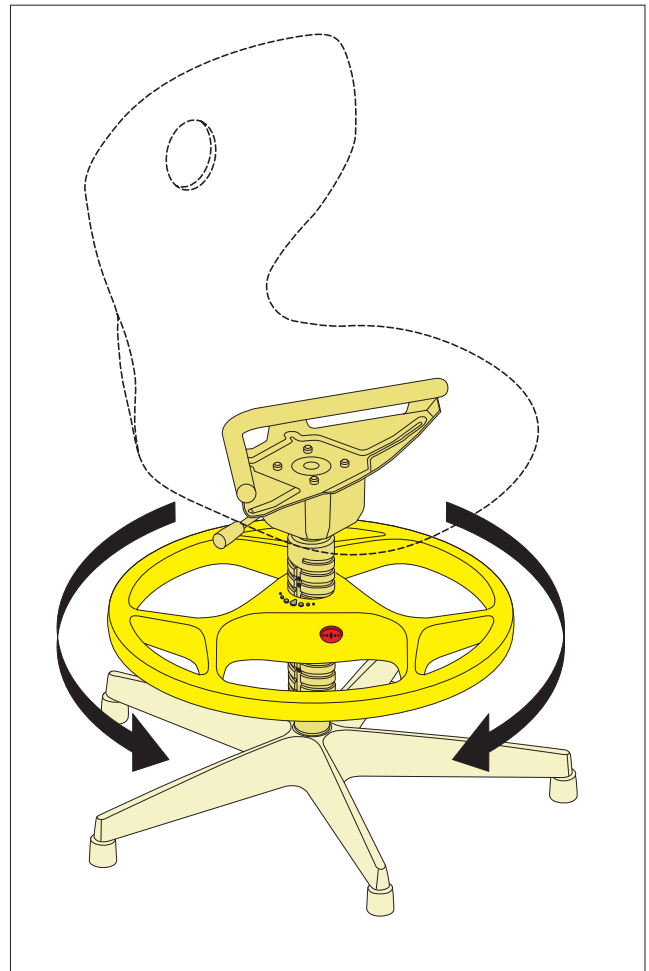

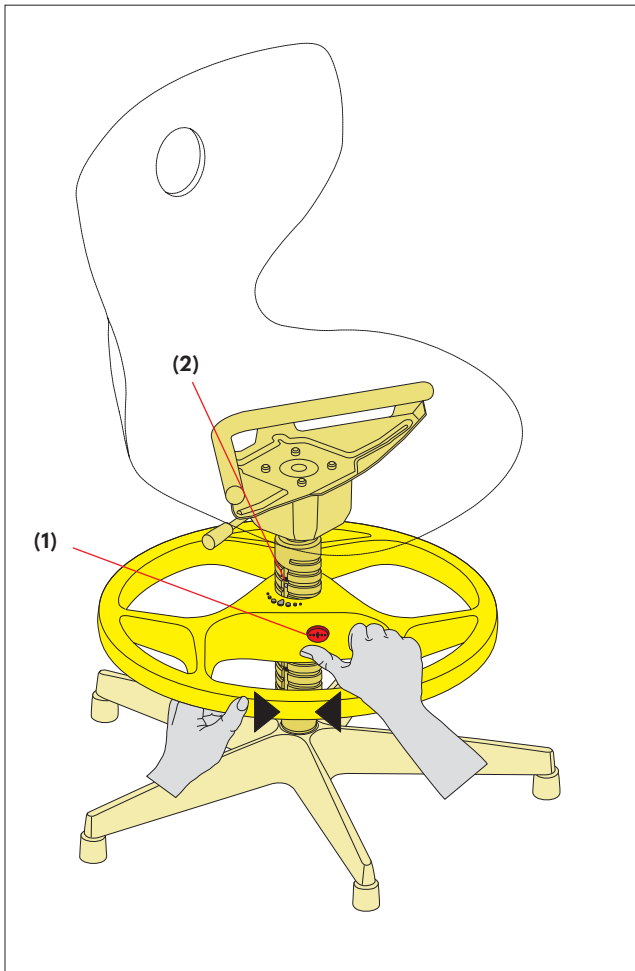

Operation: Observe the instructions on the following page.

Troubleshooting and service: If any faults occur, please contact our customer service at kundenservice@vs-moebel.de

Maintenance and Cleaning: On the internet: vs.de/kataloge/reinigung/en

Forwarding: This booklet must also be included if the product is passed on to another person.

Height Adjustment: Press the safety button **(1)** to unlock the foot ring. Turn the ring in the desired direction (left or right). The foot ring will snap into position after one revolution around the center groove **(2)**. Each turn will adjust the height of the ring by roughly 3 cm. Repeat the procedure until the desired position has been reached.

Caution! Do NOT place your feet on the foot ring while height adjustments are being made.

Caution! Do NOT exceed the maximum load of 110 kg.

Caution! Only put weight on the foot ring if it has already snapped into position.
